CONTENTS OF VOLUME 7

No. 1, Spring, 1975

POSITION STATEMENT: Prevention of Heat Injuries During Distance Running vii

Androgens and exercise
David R. Lamb 1

The role of glucocorticoids in exercise
Gerald D. Tharp 6

Acute and chronic adaptations to exercise in hormone deficient rats
P. D. Gollnick and C. D. Ianuzzo 12

Exercise and thyroid function
Ronald L. Terjung and William W. Winder 20

The role of insulin and glucagon in regulating glucose turnover in dogs during exercise
M. Vranic, R. Kawamori and G. A. Wrenshall 27

Growth hormone and catecholamine response to exercise in relation to physical training
L. Howard Hartley 34

Cardiorespiratory response to exercise on a rowing and bicycle ergometer
D. A. Cunningham, P. B. Goode and J. B. Critz 37

Effects of repeated endurance exercise on serum enzyme activities in well-conditioned males
T. M. Sanders and C. M. Bloor 44

Effects of hyperoxic gas mixtures on exercise tolerance in man
G. Dennis Wilson and Hugh G. Welch 48

Swim performance decrement over middle life
Richard H. Rahe and Ransom J. Arthur 53

Fatal anterior chest trauma in karate trainers
Richard J. Schmidt 59

ABSTRACTS for the 1975 Annual Meeting of the American College of Sports Medicine 63

No. 2, Summer, 1975

Book Reviews v

Evaluating the effects and feasibility of an at work stairclimbing intervention program for men
Paul S. Fardy and Juhani Ilmarinen 91

Responses to exercise of paraplegics who differ in conditioning level
Linda D. Zwiren and Oded Bar-Or 94

Tension decline during isometric contractions without visual cues
William M. Abraham and Albert B. Craig, Jr. 99

Basic components in the motor performance of children six to nine years of age
G. Lawrence Rarick and D. Alan Dobbins 105

Computer generated track and field scoring tables: II. Theoretical foundation and development of a model
J. Gerry Purdy 111

The role of blood flow in limiting maximal metabolic rate in muscle
J. K. Barclay and W. N. Stainsby 116

Postexercise glycogen replenishment in untrained animals: denervation, tenotomy effects
David R. Lamb, Ronald A. Ratliff and Robert G. Kochan 120

Emotionality changes in rats following chronic exercise
Gerald D. Tharp and William H. Carson 123

Torques developed by different types of shoes on various playing surfaces
Robert W. Bonstingl, Chauncey A. Morehouse and Benjamin W. Niebel 127

Cleat-surface friction on new and old Astroturf
K. Douglas Bowers, Jr. and R. Bruce Martin 132

Comparison of effects of training on $\dot{V}O_2$max in girls and young women
Patricia A. Eisenman and Lawrence A. Golding 136

Effects of mode of training on cardiovascular function and body composition of adult men
Michael L. Pollock, John Dimmick, Henry S. Miller, Jr., Zebulon Kendrick, and A. C. Linnerud 139

Effect of warm-up on metabolic responses to strenuous exercise
Bruce J. Martin, Sid Robinson, David L. Wiegman, and Louis H. Aulick 146

Comparison of ventilatory, heart rate, metabolic and temperature responses to exercise at extreme ambient temperatures (0° and 35° C)
A. D. Claremont, F. Nagle, W. D. Reddan, and G. A. Brooks 150

A. D. Claremont, F. Nagle, W. D. Reddan, and G. A. Brooks 150

No. 3, Fall, 1975

Book Reviews v

Policy statement regarding the use of human subjects and informed consent xiii

Adaptation of skeletal muscle to endurance exercise
John O. Holloszy 155

The influence of physical activity on ligaments and tendons
Charles M. Tipton, Ronald D. Matthes, Jerry A. Maynard, and Rita A. Carey 165

Free fatty acid and glucose metabolism during increased energy expenditure and after training
Pavle Paul and William L. Holmes 176

Mechanism of work-induced hypertrophy of skeletal muscle
Alfred L. Goldberg, Joseph D. Etlinger, David F. Goldspink and Charles Jablecki 185

The body composition of a college football team
John D. Wickkiser and John M. Kelly 199

Effects of fatigue on stabilometer performance and learning of males and females
Jerry R. Thomas, Doyice J. Cotten, William R. Spieth, and Nancy L. Abraham 203

Prediction of segmental parameters using the Hanavan human body model
Doris I. Miller and William E. Morrison 207

Decline of physiologic training effects during the competitive season in members of the U.S. Nordic ski team
John S. Hanson 213

Iowa Wrestling Study: Changes in the urinary profiles of wrestlers prior to and after competition
E. J. Zambraski, C. M. Tipton, T. K. Tcheng, H. R. Jordan, A. C. Vailas, and A. K. Callahan 217

Effect of caffeine upon maximal muscular endurance of females
Robin Perkins and Melvin H. Williams 221

National Operating Committee on Standards for Athletic Equipment football helmet certification program
Voigt R. Hodgson 225

Serum uric acid, body fatness, and heart rate response to exercise
Henry J. Montoye, William H. Mikkelsen, Park W. Willis III, and Jacob B. Keller 233

No. 4, Winter, 1975

Revised Information for Authors Instruction Sheet ix

Biochemistry of sport in the Soviet Union: beginning, development, and present status
N. N. Yakovlev 237

Mechanism of work-induced hypertrophy of skeletal muscle
Alfred L. Goldberg, Joseph D. Etlinger, David F. Goldspink, and Charles Jablecki 248

Isokinetic vs isotonic strength training in adult men
Thomas V. Pipes and Jack H. Wilmore 262

Severe steady state exercise at sea level and altitude in Olympic oarsmen
Frederick C. Hagerman, Whitney W. Addington, and Edward A. Gaensler 275

Isometric rowing strength of experienced and inexperienced oarsmen
Niels H. Secher 280

The association of oral androgenic-anabolic steroids and life-threatening disease
F. Leonard Johnson 284

Effect of anabolic steroid treatment on endurance
L. C. Johnson, E. S. Roundy, P. E. Allsen, A. G. Fisher, and L. J. Silvester 287

The gamma mass scanning technique for inertial anthropometric measurement
Christine Baster Brooks and Alan M. Jacobs 290

A comparison of heart rate methods for predicting endurance training intensity
James A. Davis and Victor A. Convertino 295

Effect of a season of ice hockey on energy capacities and associated functions
H. J. Green and M. E. Houston 299

Effects of stressful underwater demolition training on body structure
J. E. Lindsay Carter and Richard H. Rahe 304

The effects of smoking marihuana on physical performance
Robert D. Steadward and Mohan Singh 309

Arterialized capillary blood gases in exercise studies
J. D. S. McEvoy and N. L. Jones 312

1975 Guest reviewers for MEDICINE AND SCIENCE IN SPORTS xi
